Concise statement on why you are running for the Governance WG Steward

I have spoken with current members of the DAO on what is needed from this position and truly believe that with my experience in various areas, I can help push the ApeCoin DAO forward.

There are a few small issues I can see with the current way of going about things that I feel I can solve to make the whole thing more efficient and get more people to become more involved and remain active.

Motivation

- I am very passionate about ApeCoin and the DAO and what it is trying to do as a whole and I believe I am someone who can be an asset to the current team members in pushing this forward.
- I know my experience, my work ethic, my accountability, and my transparency levels and I know I can help!
- Otherwise I would not be applying, spending my time, putting my reputation on the line, and putting myself out there!
- Whenever I do or say something I do it because I know it's right and that I can do it correctly!
- I have a vision and just need to be put on the field to execute!

Concluding Statement

Summarize your statement as to why you are the best choice for Governance WG Steward

I believe I have the experience it takes to push this forward alone and working alongside the current team when need be!

I'm ready to work together with both our Largest and Smallest Voters/Delegations to hear what is needed and grow together as a community.

Community has always been everything to me!

@AquamarineDAO

is something I started and that I'm VERY passionate about and currently have a community of about 300 Aquamarine Background Apes/Mutants

Not a fan of applications, but I know once people talk to me, hear what I have to say, and get to know me, they will see what I can bring to the DAO and that I'm "The One"!

May the best qualified person win! If it's not me, I'll still be happy if the best person wins!

I'm here for the growth if ApeCoin and the DAO!
