Abstract Summary:

This proposal, entitled the “Exploring New Frontiers: Bring ApeCoin (\$Ape) into the Mobile Gaming World,” also known as AIP-xxx brings the utilities and values of ApeCoin to thousands of new holders through its integration into the Meta Merge game – a pet collection and mobile evolution game powered by AIGC and Ultiverse.

By integrating ApeCoin into the game, \$Ape becomes another in-game asset in Meta Merge for new holders and game players to enjoy gamified experiences based on real-world utility. We aim to reinforce and leverage ApeCoin and its ecosystem by creating new user experiences through the power of the game. Thus, this integration will provide an ecosystem where players can utilize APE tokens within the game, alongside the other benefits they know APE tokens for. [
