

Creating Governance Proposals

Introduction

In order to create a governance proposal, you must submit an initial deposit along with a title and description. Currently, in order to enter the voting period, a proposal must accumulate within a week deposits of at least [100SCRT](#) .

Note: Please remember through the duration of this guide that the secretcli counts SCRT in uscr. 1 SCRT = 1,000,000 uscr.

Modules

Various modules outside of governance may implement their own proposal types and handlers (eg. parameter changes), where the governance module itself supportsText proposals. Any module outside of governance has it's command mounted on top ofsubmit-proposal .

Text

To submit aText proposal:

...

Copy secretcli tx gov submit-proposal \ --title
