Our mission:

Create memorable experiences that blend the magic of personal interaction with the limitless possibilities of the digital world. At each event, we strive to foster meaningful connections between attendees, recognizing the value of networking in today's business world. We value generating meetings in a more intimate environment, where conversations flow more easily and opportunities for collaboration are unlimited.

Storytelling:

We are passionate about offering immersive experiences that captivate the senses and spark the imagination. Inspired by the narrative of Jack & Jackie, our second season on social media, we bring this story to life at our events. Participants immerse themselves in interactive games and activities, with the opportunity to purchase collectibles and NFTs.

First Steps:

In our first 18 months we developed 18 events around 8 cities and 3 continents in places like the Burj Khalifa or the Seine River, these were destined the networking for the Community and now we are starting a new concept of events where we include non-web3 people so they can live the experience of the BAYC culture inside our club, generating the onboarding of new users to the ecosystem.

"At the heart of everything we do is our devotion to fun and belonging among the Ape Fam, spreading the Bored Ape culture."

Next Steps:

Soon we will be launching two free-to-mint and soulbound NFT collections into ApeChain

. The first, the "Captain Hut"

, will offer benefits for our attendees, while the second, "Secret Hunter"

, will be a unique experience for those who discover the mysteries hidden in our events. This season, the winner of "Secret Hunter" will walk away with an epic prize that will capture the essence of our community and the excitement of our shared adventures.

We're deeply grateful to [@ThankApe](#) and [@apecoin](#) for selecting us for their BBAC accelerator program and excited about the new collabs within those communities! Even after 18 months, our journey is just beginning ! We've had incredible moments, met amazing people, and built meaningful connections along the way! And of course, many epic things are on the horizon!
