Interview Q&A:

1. The ApeCoin DAO has posted a few resources on navigating the AIP process, including [a series of Discourse posts](#); based on your experience, are these resources and the [website](#) helpful for drafting an AIP?

While I tend to dig pretty deeply into the material to find the answers I'm looking for, I did find it helpful that the "Welcome to the ApeCoin DAO" post containing the AIP process was pinned to the top of the Home screen for easy access.

I did not make use of the ApeCoin website while participating in the AIP process, but I appreciate that it's there as a resource.

1. Have there been any delays or changes to the original timeline?

No, in fact the moment my AIP had passed by DAO vote it was implemented immediately.

1. Was there any part of the AIP process in which you felt the least supported?

No. My Facilitator, 12GAUGE, was helpful, timely in his communications and immediately responsive to my comments.

1. Do you have anything you would like to tell the community?

If you have an idea, no matter how small it may seem, write up an AIP and see where it takes you.

1. Do you provide consent to share these questions with the community in this forum?

Yes, absolutely.
