

# Bulls on The Block Delegation - BOTB DAO

**botbape.eth**

## [BOTB Profile on delegate official ApeCoin website](#)

Dear ApeCoin Community,

- We are the Delegation of BOTB.
- You can delegate at botbape.eth
- We are available to answer your questions. Just message this account.
- We invite AIP authors and community members to discuss on our Weekly Saturday X Space.
- Send us a message via the forum and it will reach our email in a Daily Summary.
- Currently 264,000 APE Delegated.

## Delegate Statement

Botbape.eth was created by the BOTB Council

, which is a community owned and run initiative of the Bulls On the Block.

We have been selected as a participant in the Delegate Accelerator under the GWG in the ApeCoin DAO.

Join us in our mission within the BOTB community, where NFT enthusiasts converge to explore the potential of digital assets. We're committed to nurturing this community, both in the real world and the digital realm, to ensure its growth and sustainability.

BOTB community vote at [Snapshot](#) and then the Council Delegation votes via botbape.eth wallet is a Safe wallet operated by the BOTB Council and votes on behalf of the BOTB community on ApeCoin Snapshot.

We have been inspired by what Mocaverse started and have gone steps further in Decentralisation by asking the community to Pool their APE together.

We are one of the first delegations in ApeCoin to pioneer using Safe wallets for snapshot voting, so we can ensure the longevity of our voting wallet.

BOTB have weekly spaces on Saturday at 10am EST where we discuss AIPs. We'll engage in discussions, evaluate proposals thoughtfully.

Let's work together to build a thriving ecosystem driven by collaboration and innovation.
