

Proud to announce that Bored Shorts will be coming to ApeChain!

Bored Shorts has partnered with IYK to embed tech in the shorts that pair with a digital token.

Thanks to [@0xboreddev](#) for laying the ground work on the development side with IYK, Bored Shorts will be able to launch on ApeChain.

Each customer will be able to claim an NFT on ApeChain upon opening their canned Bored Shorts.

Bored Shorts is also participating in the Thank Ape “Built by ApeCoin” program and plans to continue to collab with other BBAC & MBA brands as well as web3 artists.
