

Hello, nice to meet you!

I found your contact in the community chat.

I'm an Assistant Manager at TTNEX Exchange.

Now I am actively engaged in market analysis and found your project Secret

.

Please, tell me if you are interested in listing on TTNEX?

We have a great individual listing offer for your project before the end of this month with a big discount (up 50%) and the possibility of partial payment in tokens!

I will be glad to provide you more information.
