

I have an exciting concept for a working group charter and would like to begin by discussing the minimum staffing required to operate the AIP process. I encourage anyone interested to contribute to this thread and help me develop this idea. It's not necessary to incorporate the steward election model that the WG had been building upon with their Ape Assembly suggestion, which has yet to be approved. It's important to note that the default AIP template is valid and should always be used, according to established precedent. I'll frequently return to this thread to collect suggestions & help to build a simple "Essential Services Only" proposal

Proposals submitted to the AIP Ideas category can be vague, incomplete ideas. Topics submitted here are not required to be submitted as a formal AIP Draft Template, however, you may still use the [template](#) if you wish.
