Nomination Statement

Concise statement on why you are running for Steward of the Governance Working Group

I'm Evil, an artist, mentor and curator from India. I'm passionate about creating an open environment for community members and act as a bridge between the same and Ape Foundation.

Motivation

Details on your motivation for becoming a Governance Working Group Steward

I want to cover the other side of the world which currently doesn't have any active Working Group calls or twitter spaces to represent the DAO. Many people want to attend these calls but due to timezone difference it's not possible right now. We have to sacrifice our sleep or have to stay away late or wake up early in order to contribute towards the calls. Many active members of the DAO are on this side of the world who are able to contribute but not directly in convo with the stewards.

Rationale

Share relevant experience and skills that will bring value to the ApeCoin DAO

I'm an early evangelist of NFT for India since 2020. I have helped and onboarded numerous artists throughout the years via educating and creating awareness around the blockchain and NFTs. I'm also one of the early Ambassadors for NFT marketplace "Makersplace". I am able to create a welcoming environment for new users and DAO members, connect with people and guide them.

Specifications

Further describe relevant experience, including crypto and governance participation

I'm also one of the co-founders of Meebits DAO, a development DAO making utilities around Meebits and founder of DAZE with the aim to bridge the gap between a common man and blockchain. Also one of the early members of Pizza DAO, where I onboarded and created toppings for the NFTs alongside other brilliant artists, hosting pizza parties on half of the DAO.

Concluding Statement

Summarize your statement as to why you are the best choice for Governance Working Group Steward

I'm fit for the role as I'm someone who has steered the community I've created and belong to a positive outlook throughout the time I've been here. As a Steward I will also cover the other part of the world that is currently untouched from the Working Group side.
