

AMM incentives # 5

Proposal

This proposal is for the automated streaming of DYM tokens to liquidity providers of specified liquidity pools. This proposal sets out to release 25,000 DYM from the incentive manager with tokens distributed linearly over one month from the passing of this proposal. This is set to be released upon the completion of the current incentive distribution (AMM Incentives #4

).

Context

The primary goal of this incentive proposal is to reduce DYM allocations and maintain competitive yields in key asset pairs.

Governance votes

The voting period for this proposal as set on genesis is 5 days beginning from the time of deposit. The following items summarize the voting options and what it means for this proposal:

- YES
- NO
- NO WITH VETO - A 'NoWithVeto' vote indicates a proposal either (1) is deemed to be spam, i.e., irrelevant to Dymension, (2) disproportionately infringes on minority interests, or (3) violates or encourages violation of the rules of engagement as currently set out by Dymension governance. If the number of 'NoWithVeto' votes is greater than a third of total votes, the proposal is rejected and the deposits are burned.
- ABSTAIN - You wish to contribute to quorum but you formally decline to vote either for or against the proposal.
