

Hello Aave Community!

My name is Karo. I am on the [Messari Governor](#) team, I recently wrote an in-depth article on Gauntlet Network's relationship with the Aave community and the proposals to [renew its risk management services](#) with the DAO. The article covers the CRV market bad debt, the liquidation system, and ways it may be improved. It also specifically focuses on the broader Business-to-DAO (B2DAO) environment from a risk management perspective.

November has been a very busy month for the DAO!
