

# Sepolia

info Sepolia Testnet: The deployment is in progress

There will be no comprehensive Lido testnet environment available for Sepolia due to the network's restricted and permission-based validator set configuration.

The goals for this deployment are:

- Have end-to-end testnet for Lido on L2
- The initial running-in of new zk-based oracles (based on [EIP-4788](#) availability)

## Core protocol

- Lido Locator: [0x8f6254332f69557A72b0DA2D5F0Bc07d4CA991E7](#)
