

- To be considered for any position within the DAO you need to have spent

time contributing within the DAO

- Be able to pass a super low competency quiz on what the DAO does
- Explain what the various positions do, how they relate to one another
- Be able to explain with clear understanding the last 5 AIPs (passed or didn't pass) without looking at notes.

[Open to other low/minimum barrier competency checks]

Can also scale the degree of knowledge and understanding depending on position (top role needs to understand more, face a bit more scrutiny to a degree compared to a role that only focuses on marketing let's say)

Timeline ASAP

Steps to implement and cost - low cost - maybe hire an outside firm to do this or have a mediator meet with the current SC and stewards to decide, would take time to do but I think the benefits will be lasting.
