

How to delegate to a resolver

First, you will need to stake some 1INCH tokens.

Once you hold st1INCH, click on the "Earn " tab at the top of the page, and then "Delegate ".

On the next screen you will see all of the available resolvers that can be delegated to. After choosing the desired resolver, click "Delegate ".

Next, click "Confirm " delegation, and then sign the transaction in your connected wallet.

Once the transaction confirms on chain, you will have successfully delegated your Unicorn Power to the resolver[Edit this page](#) [Previous FAQ for Developers](#) [Next How to Stake 1INCH token](#)
