Project

: GMX Monthly Financial Reporting

Detailed Description of Project :

Provide Monthly Reports about the State of the GMX DAO. The reports would include : Overview of governance votes, Revenues, Expenses, Treasury Analysis, Market Share Analysis, Macro Trends Analysis ...

How will your project benefit the GMX Ecosystem?

Inform the community about what's going on with the DAO and how it is impacted by governance votes and crypto trends & news...

These reports will be the go to for the community to get informed about the state of the DAO similar to how investors look into financial statements to get informed about their equity investments in traditional finance.

Implementation Overview

1k USD (in GMX, rate determined at time of payment) paid after the production of each monthly report.

The payment will not be dependant on the quality of the reports. Contents of the reports are at the discretion of the author. Community members can suggest additions that could be accepted or denied by the author

.

The mandate can be revoked by a subsequent vote.
