

Share Dune Content

How to share Dune content

In this guide, we'll outline various methods to share your Dune content.

Via URL

Simply copy and share the URL of your query or dashboard.

Even private dashboards can be shared by directly providing their URLs.

Embed Visualizations

- Instead of capturing screenshots, directly embed visualizations.
- Click the embed button to obtain the link.
- For detailed steps on embedding Dune charts across social platforms [click here](#)
- .

Invite to Your Team

For consistent collaboration, [invite colleagues to your team](#) as viewers or editors.
