

# Supported networks

Deprecation warning Rinkeby, Ropsten, and Kovan testnets are deprecated from the Infura API.

We recommend users migrate to Sepolia to test deployments. You can use the [Infura faucet](#) to load your wallet with Sepolia ETH. Use one of these endpoints as your Ethereum client provider.

Ensure that you replace YOUR-API-KEY with an API key from your [Infura dashboard](#).

Network Description URL Mainnet JSON-RPC over HTTPS <https://mainnet.infura.io/v3/YOUR-API-KEY> Mainnet JSON-RPC over WebSocket <wss://mainnet.infura.io/ws/v3/YOUR-API-KEY> Goerli JSON-RPC over HTTPS <https://goerli.infura.io/v3/YOUR-API-KEY> Goerli JSON-RPC over WebSocket <wss://goerli.infura.io/ws/v3/YOUR-API-KEY> Sepolia JSON-RPC over HTTPS <https://sepolia.infura.io/v3/YOUR-API-KEY> Sepolia JSON-RPC over WebSocket <wss://sepolia.infura.io/ws/v3/YOUR-API-KEY>
