

Hi [@everyone](#)

We've launched our angel investor campaign.

The first step is to fill out the survey if we're matching and seeing the possible potential of the community interest.

The survey is located here: [Prospecting Angel Investor Survey](#)

After the survey is filled, we will be in touch on the 8th of July for further steps.

We will demonstrate to all angel investors our progress, roadmap, go-to-market plan, MVP and legal setup.
