

## Abstract

Two or three sentences that summarize the proposal.

All Performing Entertainers (A.P.E.) sub-DAO or sub-community would be community within the larger that would be made up of artists (graphic / video), musicians, and comedians / actors.

## Motivation

A statement on why the APE Community should implement the proposal.

The point would be to harness the creative power within ApeCoin DAO in an purposed, organized way. I'm sure all DAO members would be impressed to see the collective talent we have here. And everyone knows were funny AF.

## Rationale

An explanation of how the proposal aligns with the APE Community's mission and guiding values.

Nothing shows COMMUNITY more than group entertainment. Computer knowhow and other talents build community but are 'hidden'. Also, talented but shy individuals would be more motivated to participate when they see other, similar ppl rising up to the challenge and Apeing in creatively!

## Key Terms (optional)

Definitions of any terms within the proposal that are unique to the proposal, new to the APE Community, and/or industry-specific.

[Start typing here]

## Specifications

A detailed breakdown of the platforms and technologies that will be used.

TBD: this is more about internal motivation and creativity than platforms and tech. That can be discussed once talents are identified and organized.

## Steps to Implement

The steps to implement the proposal, including associated costs, manpower, and other resources for each step where applicable.

Again, TBD. The cost in the beginning is much more on the Time-side of the scale, rather than \$. The more organized, the more \$ for events and IRL or virtual rehearsals, etc, etc. Future 'use cases' could be: benefit concerts, ApeCoin Comedy, Ape Production Exemplar Studio (A.P.E.S.), and the BAYChoir, MAYChoir, or BAKChoir. Who wouldn't love singing Apes Mutants and Doggoes? And a Ape-a-poolooza festival would be off the peel!

## Timeline

Relevant timing details, including but not limited to start date, milestones, and completion dates.

TBD

## Overall Cost

The total cost to implement the proposal.

No cost but whatever time it takes to organize this in the beginning.
