

## Simple Summary

Gauntlet recommends reducing the LT for MAI/MIMATIC:

Chain

Asset

Current LT

Recommended LT

optimism v3

MAI/MIMATIC

.65

.01

## Motivation

As a continuation of our previous [MAI/MIMATIC deprecation](#) AIP following MAI's depeg, Gauntlet recommends lowering MAI LT to 1% on Aave v3 Optimism.

As shown in our Account Explorer [Dashboard](#), there is only one collateralized MAI position within the OP v3 market.
