

I'm opening this thread to create space for questions and comments on the governance docs related to Citizenship, identity and reputation (linked below). This is something we want to experiment with due to the lack of a comment feature on the docs themselves.

Links to the governance docs about Citizenship, identity and reputation:

- [Identity and Reputation](#)
- [Project and individual identity in the collective](#)
- [Attestations best practices](#)
- [Citizen selection](#)
- [Experimentation with Citizenship](#)
