

A recent post went up on the Balancer Forums about enabling a gauge for the mevETH/WETH Pool.

This will allow for veBAL holders to direct emissions into this pool.

Find more details on the Balancer Forum below:

[Balancer – 26 Oct 23](#)

[\[BIP-XXX\] Enable mevETH/WETH gauge \[Ethereum\]](#)

BAL Gauges

Summary: This is a proposal to enable a Balancer gauge for mevETH/WETH Gyro pool on Balancer Ethereum. The objective of this proposal is to enable this pool to be eligible for BAL incentive distribution, thereby enhancing liquidity on Balancer....
