

Hey Restaking Collective fam,

Greetings from the PYOR team. We are extremely bullish on Eigenlayer and the concept of shared security. We've been following this space for a while now.

To offer a comprehensive perspective to users and institutions, we've created "The Home of Eigenlayer" — a unified platform integrating analytical dashboards and educational resources.

You can visit it here: <https://app.pyor.xyz/eigen-layer>

We eagerly await community feedback and suggestions for advancing this initiative.

Here are some of the snapshots of the same.
