Nomination Statement

Concise statement on why you are running for the Metaverse WG Steward

I firmly believe in the importance of positioning the ApeCoin DAO at the forefront of Web3 metaverse development. This working group serves as a crucial step toward achieving the DAO's goals. With my unwavering commitment, finger on the web3 pulse and previous experience, I am ready to contribute to this important mission.

Motivation

Details on your motivation for becoming an ApeCoin DAO Metaverse WG Steward

My motivation for seeking this role is deeply rooted in my lifelong passion for digital worlds, which began with my early dedication to games like World of Warcraft and Counter-Strike. These experiences instilled in me a profound understanding of community dynamics, team work and the intrinsic value within digital realms. I am enthusiastic about Web3's potential to elevate these elements to new heights.

I've been particularly captivated by the development of virtual worlds such as The Sandbox, where my enthusiasm led me to participate in the first land sale. Moreover, my journey with BAYC, starting on May 1st, 2021, has kept me deeply engaged. My initial exploration of NFTs and blockchain games dates back to 2018, and witnessing Yuga Labs' remarkable progress, where they are turning those early Web3 dreams of mine into reality, makes me thrilled. Every step they take, especially their vision for the Otherside, is perfection in my eyes.

The opportunity to work for the DAO and ensure it stands out at the forefront of the broader Web3 metaverse ecosystem would be an absolute dream come true. Furthermore, my passion for creating digital experiences that transport people to new realms of imagination and engagement continues to fuel my motivation.

Rationale

Share relevant experience and skills that will bring value to the ApeCoin community

My professional background, entwined with my gaming past and burgeoning passion for Web3 and blockchain tech, fashions a unique combination for this role I believe. Drawing from my career in content creation, strategy development, and multimedia design, I possess a skill set well-suited for this role. I have a deep understanding of the metaverse's dynamics and potential, along with a keen eye for details in content creation. This, combined with my unwavering passion for the metaverse and blockchain tech, makes me a strong and dedicated candidate.

Specifications

Further describe relevant experience, including crypto and governance participation, and/or ideas for DAO improvement

Further describing relevant experience, my tenure as a Digital Media Director at Cabrinha Kites involved overseeing content strategy, team leadership, and multimedia production. I also established my own video production company and gained experience working with top brands and production companies, creating content for various industries.

Further describing relevant experience, I've been playing around with and using various blockchains and Layer 2 solutions since 2017. This experience has granted me a good understanding of the underlying layers of how blockchains function, digital asset management, security and the overall direction of blockchain development. All this providing valuable insights into the metaverse's technical foundations and potential.

Concluding Statement

Summarize your statement as to why you are the best choice for Metaverse WG Steward

In summary, I'm a great choice for the Metaverse Working Group Steward position because my unwavering commitment, diverse experiences, and passion have uniquely prepared me to contribute effectively. With a clear understanding of the blockchain and metaverse's dynamics and the ability to pay attention to details in content creations, I am committed to driving the vision of the ApeCoin DAO forward in the metaverse. My blend of skills and unwavering passion makes me a strong and dedicated candidate.
