

Hello,

I am having issues compiling a Noir circuit. I am getting error:

thread 'main' has overflowed its stack fatal runtime error: stack overflow [1] 59486 abort nargo compile

Run using compiler version:

nargo version = 0.19.2 noirc version = 0.19.2+47f0130c0d154f1b70eb23f376783beb3f23ad72 (git version hash: 47f0130c0d154f1b70eb23f376783beb3f23ad72, is dirty: false)

Relevant code: [here](#)
