

1. Executive Summary: Umami Finance continues to prepare for the upcoming launch of our single sided GM vaults. Internally we are gathering partners and preparing our marketing strategy to ensure an impactful launch.
2. Roadmap Progress: Auditing and code finalization is underway with Guardian as we continue to make progress towards our goal of launching the vaults in January.
3. Milestones/KPI Achievements: Currently finalizing our first milestone of code finalization.
4. Dune Dashboards: N/A. The dashboard will be launched with the vault release.

II. Current Progress: Preparing marketing, finalizing code / front end and continuing business development for integrating Umami's vaults with partner projects.III. Community Engagement: News that Umami DAO will be receiving up to 100k in ARB incentives was released in our discord and twitter last week. We also released a medium article with a deep dive into understanding the GM vaults strategy. <https://x.com/UmamiDao/status/1737171568491446612?s=20>IV. Partnerships and Collaborations: We have not released official partnership announcements but we have several impactful collaborations lined up.
