

I'm ReZone, young crypto-artist and more really graphic designer. I'm 21 years old and I'm starting my career as a freelancer after having spent 2 years traveling and training in the world of graphic design on many tools (photoshop, illustrator, procreate, indesign...).

Passionate about crypto, NFT and more generally Web3 I offer free graphic design services of any kind (business card, YT thumbnail, IG post, PFP customization...) in return for a simple like or retweet on my proposal for the #ApeCoinArt contest. I put a lot of effort and passion into getting this result, so your feedback (good or bad) in the comments will be much appreciated.
