

Greetings, Optimism community!

Delegate Statement: <https://vote.optimism.io/delegates/sovereignsignal.eth>

I'm [@SovereignSignal on X](#) and [@Sov on Farcaster](#). My professional background is in operations, grant program development, and management. I currently lead BD, Partnerships, and Programs at Gitcoin, where I assess and manage grant programs across the ecosystem. I am also a [member of the Optimism Grants Council for Season 6](#)

I'm committed to active participation in governance discussions. I can be found on Telegram as @sovsignal, and I encourage you to reach out with any questions, concerns, or ideas you'd like to discuss.

Conflict of Interest Disclosure:

- I hold OP tokens as a delegate
- I work for Gitcoin, which may apply for or receive grants from Optimism

I'll use this thread to post updates as necessary.
