

dYdX Chain Software Documentation

Welcome to the dYdX Chain documentation hub! This is the source of truth for documentation related to v4 software (the "dYdX Chain").

Note: Parameters included in code examples throughout this documentation are for the dYdX Chain Testnet. These parameters need to be updated to access any specific deployment of the dYdX Chain. In each relevant code snippet, please see the comments to pull the relevant parameters to access an applicable mainnet deployment of the dYdX chain, such as the following deployment:

Name of Provider URL Status Page dYdX Operations Services Ltd.[dydx.trade\(opens in a new tab\)](https://status.dydx.trade)

[https://status.dydx.trade\(opens in a new tab\)](https://status.dydx.trade) Terms and Conditions: All of the above third parties are independent from and unaffiliated with dYdX Trading Inc. ("dYdX"), and dYdX is not responsible for any action taken by such third parties, including content set forth on any third-party websites, such as any links to such content on this page. dYdX services and products are not available to persons or entities who reside in, are located in, are incorporated in, or have registered offices in the U.S. or Canada, or Restricted Persons (as defined in the dYdX[Terms of Use\(opens in a new tab\)](#)).
