

# AVC Member Participation Rewards - Q2 2023

This forum post is the official record of Aligned Voter Committee member compensation for Q2 2023.

This is the first time AVC members have been paid since the Endgame MIP Set was ratified.

As this time period included the switch from 12 Scopes to 5 Scopes, some flexibility has been allowed in the detailing of Scope coverage for AVC Members.

## Payment Amounts and Calculations

Per [The Atlas](#) AVC compensation is paid on a per member, per Scope basis.

- 1,000,000 NewGovToken for all Scopes annually - [source](#)
- This equals 50,000 NewGovToken or 41.67 MKR (1200:1 ratio) per Scope per quarter
- This is split evenly across reward slots
- Number of reward slots = number of delegate (PD & RD) slots - for the period in question this was 14.

Therefore, per Scope, each AVC Member can earn 2.98 MKR in this quarter.

To qualify for full rewards, the following criteria must be met:

- Full participation in the Scope for the quarter:
- Attend two meetings.
- Contribute to the AVC Scope proposals.
- Attend two meetings.
- Contribute to the AVC Scope proposals.

Since there are fewer than 14 AVC Members in active AVCs, all eligible AVC Members that fully participated in a Scope will receive payment.

The now off-boarded Growth AVC members will also be paid since they completed the full quarter.
