Nomination Statement:

ApeChain is the biggest product in the ApeCoin DAO's history, and is our best opportunity to grow the ApeCoin ecosystem.

I am running for Special Council so that I can continue to be the voice for the apes on Special Council, and on the ApeChain implementation team.

I want to continue to make sure that the community always comes first, that \$APE is at the center of every facet of ApeChain, and that ApeCoin reaches its full potential as the coin that powers the metaverse.

Motivation, Vision & Goals:

ApeCoin DAO is one of the most active and engaged DAOs in the world. There is no other DAO that matches our reach or our impact on web3 culture and community.

I have been building in the ApeCoin DAO for almost 2 years now and am extremely passionate about this ecosystem. The BAYC is my tribe. I'm obsessed and enthralled with the technology, ethos, and culture of the club.

Being able to work on the coin and the blockchain that will power the Otherside is incredibly motivating and exciting to me. It is my vision that ApeChain will become the infrastructure that will onboard hundreds of thousands of new users into web3.

Values & Commitment:

In my life I seek to find what I am passionate about, and pursue it relentlessly.

During my two years of intense focus on the ApeCoin DAO, I have had a wide-ranging impact:

- I co-founded ApeComms in September 2022.
- In January 2023 I was the DAO lead on the RFP to select a new Cayman Islands administrator.
- In March and April 2023 I co-authored the AIPs creating the working group model and discourse facilitators model. We now have over 10 people working to grow the ApeCoin ecosystem through these initiatives.
- In June and July of 2023 I was elected to Special Council on a broad campaign to grow the ApeCoin ecosystem and scale ApeCoin.
- From October to December of 2023 I took a leading role in spearheading, developing and ultimately passing the ApeChain RFP.
- Since March 2023 I have been playing a leading role in the design and implementation of ApeChain.

I will continue to approach my work on Special Council with the drive, passion, and level of commitment that I have shown over the last two years.

Concluding Statement:

There is no other candidate with my level of expertise and experience in this DAO, no other candidate with my level of passion and vision for ApeChain and our ecosystem, and no other candidate better able to ensure that ApeCoin reaches its potential.
