

Add Official zkSync Era RPC

Simple step-by-step instructions to add official zkSync Era Network RPC for Metamask extension on PC

If you have added the zkSync network to Metamask

1. Go to the upper left corner of Metamask -> Add network
2. On the left column, choose Network -> zkSync (or zkSync Era or zkSync Era Mainnet)
3. On the right column under "New RPC URL," please paste the official RPC <https://mainnet.era.zksync.io>
- 4.

If you haven't added the zkSync network

1. Visit <https://zkswap.finance/swap>
2. Click "Switch to zkSync"; a Metamask window will appear
3. Click "Approve"
- 4.
