

Hello ApeCoin DAO Community,

Over the last several weeks we have experienced outages with our WalletConnect plugin, the resource that allows users to verify their membership here on the forum. This issue is now resolved, and Webslinger (our Administrator) is developing a more extensive solution so as to avoid concerns like this again in the future.

We appreciate the community's patience, and strongly encourage anyone impacted by the outage to reach out to the Facilitator team ([@12GAUGE.admin](#), [@Chris.Admin](#), [@Lost.Admin](#)) and we'll be happy to address your concerns.

We appreciate your continued support and participation in the ApeCoin DAO.

Best regards,

-ApeCoin DAO Community Discourse Facilitators
