

# Welcome to the ApeCoin DAO

## An initiative to grow the DAO and support the price of \$APE.

This initiative started on July 11th, 2024 with the help of [@adventurousape](#), [@VonFrontin](#) & [@AaronHaber](#). This post is to seek further support from the community as it scales.

Inspiration for this initiative is drawn in large part from the [Welcome Apes Spaces](#) held for new BAYC/MAYC hodlers, however this initiative is specifically for new \$APE hodlers.

With the launch of ApeChain, we can expect a MAJOR influx of new DAO members. Let's be proactive in onboarding them as best as possible.

My first true introduction to the ApeCoin DAO came through ApeComms. It was life-altering for me, and I draw a lot of inspiration and lessons from observing [@Lost](#) do what he does.

I've been successfully trialing this concept with participants and customers from my approved AIP-383 [The Public Bored](#), and now it feels appropriate to expand to the broader ecosystem.

Phase 1:

A series of Twitter Spaces called Welcome to the ApeCoin DAO

- The focus is specifically on new DAO members and potential members who may still be on the fence.
- I give free \$APE to those courageous enough to come on stage, introduce themselves, and ask questions.
- Co-Hosts and Speakers help guide new members to the correct resources to get off to a good start within the community, as well as give DAO updates and do some 'DAO shop talk'.
- Encouragement is provided for new community members to start with building their reputation in the DAO, by leveraging their unique talents and skills to help existing community projects and initiatives.
- 3 Spaces have already been hosted, with a 4th one coming up soon (RSVP below)
- Space #1

A Twitter raid of new members in the style of \$APE follow \$APE

- A Welcome tweet is sent out welcoming all new members with the following graphic (may change in the future) and is re-shared by everyone.
