

Grant Title :

Twitter MEV BOT

Author :

[@attentionboom](#)

About You:

JS/TS developer for many years.

Additional Links :

No links to provide honestly

Grant Category:

Other/miscellaneous:

Grant Description:

The goal is to design a Twitter bot that allows any Twitter user to check if any given Ethereum address has been MEV'd. The user will be able to check for the total MEV'd amount by sending a tweet mentioning the bot handle with the ETH addy (or ENS) next to it. The ultimate goal is to drive new users to MEV Blocker and this can happen if his impact is put forward.

Grant Goals and Impact :

Paying the works and services allowing the bot to run properly (subs).

Milestones :

Milestone 1

:

First version of the bot is live and will run on [X.com](#) (Twitter).

Milestone 2

:

Enhancing the Twitter account in terms of graphics, tuned to the CoW ecosystem,

Milestone 3 :

Fixing all the bugs (if there is) and adding requested features from the community...

Budget Breakdown:

Bot development : 500 xDAI

Graphics for the Twitter account like profil picture, background : 350 xDAI

Services to run the bot: 500 xDAI (Twitter Premium can be a must if adoption on Twitter is real, the standard API is sh\*t honestly. Same goes with GPT)

Total costs : 1350 xDAI

Gnosis Chain Address (to receive the grant):

0xcA268920dbdF373C48aD3491DC4dcD5Df04D1B6b

Other information :

No other informations, will provide test screenshot soon hopefully. Thanks for the patience.

Referral:

No referral.
