

Circle Access Network (Beta)

Coming Soon: Join the Beta for Embeddable USDC On/Off Ramps [Suggest Edits](#)

Circle Access Network is an upcoming product designed to provide seamless USDC on and off ramps within your application. With Circle Access Network, your users can easily and securely access USDC, eliminating the complexities of obtaining licenses, implementing know-your-customer (KYC) processes, and managing custody solutions.

Key Features:

- Embedded Integration:
- Circle Access Network seamlessly integrates into your app, ensuring a smooth and efficient user experience.
- Global Accessibility:
- Wherever your users are located around the world, they will have access to some of the best rates for USDC.
- Low-cost Solution:
- We strive to provide cost-effective options, offering your users competitive rates to access and redeem USDC.

Beta registration

By answering the following questions, you will register your interest for our upcoming Beta to trial Access Network and enable your users access to USDC through embedded on / off ramps.
