

The incentive program is now up and running! We're officially tracking delegate metrics. All your activity until March 31st will be considered to calculate the incentives.

How Do I Score Points?

- Don't forget to vote on Tally and Snapshot.
- It's important to add value to proposals commenting on the forum. We don't consider comments out of time nor comments that don't add any value to the proposal!
- Communicating which way you're voting and why also scores points. We recommend you to create a Delegation Thread.

How long do I have to register for the program?

You can enroll at any time, even once the program has started or 2 months later, you just have to meet the [minimum requirements](#).

Am I Participating?

You can find all registered delegates in the program at this [link](#). You can sign up at any time, but if you want to participate in the March program, you have time until Sunday 3rd. Applicate [here](#)!
