Nomination Statement

Concise statement on why you are running for the Metaverse Steward

Hope this message finds you well!

I'm reaching out to share my excitement and interest in joining the Metaverse Sub Working Group. As the holder of BAYC 963 since May 1st, 2021 (<https://opensea.io/boredsadfezape>) I've been following the whole journey and am grateful for what have been achieved so far. I'm keen to jump in and add my bit to this amazing experiment.

A bit about me – I've got a solid background in business, having worked in senior roles across different countries and cultures. (<https://www.linkedin.com/in/ugurcaglar/>)

This experience has given me a unique perspective on global markets and how to navigate them, something I think could be super useful for \$APE's expansion, especially in the metaverse.

I'm all about making connections and getting people on the same page, skills I've sharpened over the years leading diverse teams. I believe these interpersonal skills, along with my business know-how, can really help in pushing \$APE's presence in the metaverse.

I'm not just about the business side of things, though. I'm genuinely passionate about \$APE and the whole crypto, NFTs and metaverse world. It's the future, and I'm excited to be a part of a team that's shaping it.

In short, I'm ready to dive in, contribute my experience, and learn a ton along the way. I'm looking forward to the chance to chat more about how I can fit into the team and help take APE to the next level in the metaverse.

Thanks for considering my application. Can't wait to hopefully start this journey with you all!
