

Rationale

Former Special Council (SC) and Working Group Stewards (WGS) have contributed to building the DAO to this point. I was thinking should we have a more formal Alumni program.

They would be able to call themselves Alumnus or Former Special Council or Working Group Steward (depending on what applies).

FYI. now days people use Alumnus for male and female, though historically it was specific to males.

They would be able to use this title if they performed their role and they neither resigned during their term or were forced to leave via a DAO wide vote.

It would be a way to say thank you and to let them have the honour after they leave a formal role.
