

dappOS Grant Bi-Weekly Update

Date: 27/12/2023

I. Executive Summary:

dappOS V2 started to support GMX V1 and V2 in November 2023, greatly improving the user experience and helping onboard users seamlessly from other chains like Polygon, Optimism, and Ethereum, etc to scale up trading volumes and TVL.

a) Roadmap Progress: Further optimized dappOS <>GMX V2 in transaction speed and efficiency.

b) Milestone/KPI Achievements: We expect dappOS <>GMX V2 product to go live within the week.

c) Dune Dashboards

: not started yet

II. Current Progress:

: The incentive program will start soon.

III. Community Engagement:

: More community and trading activities to be announced.

IV. Partnerships and Collaborations:

:

Christmas Extravaganza, a Christmas collaboration together with
