Nomination Statement

Concise statement on why you are running for the Marketing & Communications WG Steward

The big experience in connecting right tools to right people & ability to translate WEB3 developments with Upcoming technologies into the viable understandable & approachable language, be a Hyphanate at whats coming and can bring business, my extensive participations in all kind of WEB3 developments, past help to the developing ecosystems, speaking to huge crowds and understanding the need of any size of groups - makes me perfect to demonstrate why our APECOIN as a token & our DAO interest can be the interest to many others & connect groups with their ecosystems developments.

Motivation

Details on your motivation for becoming an ApeCoin DAO Marketing & Communications WG Steward

Our Apecoin token & DAO is getting bigger every day and we have to merge more aligned big and small ecosystems to bring us more value & reward of all kind. The importance of properly promote it in the way that other more DEFI or Creative Builders understand - this aligns with me. Im not a screamer or like they say payed shiller - I am the professional with in most cases necessary certifications and experience not just in product sales or support - but what is already being developed and how i can connect us to it all.

Rationale

Share relevant experience and skills that will bring value to the ApeCoin community

Concluding Statement

Summarize your statement as to why you are the best choice for Marketing & Communications WG Steward

Our Apecoin token & DAO is getting bigger every day and we have to merge more aligned big and small ecosystems to bring us more value & reward of all kind. The importance of properly promote it in the way that other more DEFI or Creative Builders understand - this aligns with me. Im not a screamer or like they say payed shiller - I am the professional with in most cases necessary certifications and experience not just in product sales or support - but what is already being developed and how i can connect us to it all.

I want to be your multi-language promoter and not just international languages i speak, but also technical & my big experience doing so.

Ive been speaking about our DAO at ETHDENVER this year and the line of people that approached my from this particular day speech to connect with me was big and i was surrounded by same minded folks, and every day of that event and at its retreat for the second part of the conference, private events - Im all about being proud og this DAO.

There so much can be done and folks feel connected via out token & future possibilities .
