

While he's no stranger to this community, Alex will be joining as the newest member of the Secret Network Foundation. We are all thrilled to have his expertise and passion on the team. Alex has been a strong communicator, writer, and overall advocate for Secret Network. We want to bring his expertise into a formal role to ensure he can continue contributing and sharing his abilities and institutional knowledge through our marketing and development efforts. We look forward to having Alex educate on behalf of Secret Network, bringing more community members and partnerships into the fold. On behalf of the entire Secret Network Foundation, welcome aboard, Alex. Onward and upwards!
