Additional Notes

- We prioritize all proposals and notable discussions that have more engagement.
- The logic of the two weeks is that given the proposal lifecycle (one week on the forum, one week on Snapshot and then two weeks on Tally). This means that even if a proposal goes through that shortest possible route, it will be covered at least at the proposal and the Tally stage or the Snapshot and the Tally stage.
- For anything that needs a recap, they could be parked after these discussions
