

This post is to confirm the appointment of [@Gonna.eth](#) as Lead of the Grants Council for the remainder of Season 5, effective Feb 5. Lund Ventures will resign from the position in support of [@Gonna.eth](#)'s appointment. The Grants Council is now operating at a level that far exceeds expectations, and this is a logical transition point to provide another community member the chance to lead. Lund Ventures will provide support Gonna during the transition to ensure that the Council runs.

It has been an honor to lead the Council. On a personal note, I am planning professional and personal transitions that will require more focus and time than expected at the outset of this Season. I am grateful to remain a member of the Optimism community, and I look forward to this next chapter.
