

Hi all,

If we haven't met, I head up [Gauntlet's](#) governance platform. I'm posting here with the hope that this reaches the relevant parties.

As it stands, Gauntlet currently has two addresses that have UNI delegated to it:

EOA: [0x6626593C237f530D15aE9980A95ef938Ac15c35c](#)

Multi-Sig: [0x683a4F9915D6216f73d6Df50151725036bD26C02](#)

We're in the process of consolidating all delegations to one address (multi-sig). If you are currently delegating to the EOA, we are asking you to re-delegate to the multi-sig address.

If you have any questions, feel free to DM me here or on Twitter (@mattdobel

, @gauntletnetwork

).

Thanks for your support.
