

Special Voting Cycle #16c

begins on Thursday (Nov 23rd) at 19:00 GMT and runs until Wednesday (Dec 16h) at 19:00 GMT.

For a non-grant proposal to proceed to a vote, four of the top 100 delegates, of the current votable token supply, must give explicit approval on the discussion thread. Delegates may not approve their own proposals. Proposals that may only be initiated by the Foundation do not require delegate approvals and will automatically move to a vote.

A snapshot of delegate voting weights will be taken at the start of the voting window. Voting will take place via the [Optimism Governance Portal](#).

The following proposals are eligible for voting in Special Voting Cycle #16c:

- [Security Council Vote #2: Member Ratification](#)
- [Upgrade #2: Canyon Upgrade](#)
