

forgot to add this disclaimer: Here are a few things that I've been thinking about for a while that I think ever-so-slightly expand on previously discussed ideas. Apologies if I missed giving anyone credit for ideas that have been subconsciously subsumed into this document. Most if not all of the ideas presented originate from me listening to or actively participating in conversations with Mustafa, John, Ismail, Nick, Jacob, Hlib, Tomasz, Josh, Alex, Aditi, Gabriel, Connor, Callum and basically everyone else that has been on the Celestia team. That being said, none of them edited or approved this document, so any of the ideas that are bad or false are my own.
