

# Backfund Stream Batch 1

The first batch of STIP funding streams were started today (December 24th) by the Incentives Multisig.

The following 9 Protocols had their Hedgey streams initiated. These protocols will receive 7 equal disbursements. The first disbursement is already claimable. The next 6 disbursements will be claimable on Jan 5th, Jan 19th, Feb 2nd, Feb 16th, Mar 1st, and Mar 15th.

Hedgey has created this [dashboard](#) to help track and visualize each STIP stream.

As more backfund protocols pass KYC and sign grant agreements, their streams will be started in batches. They will all be backdated to start on October 22nd and conclude on March 15th. This means they can claim any payments missed as soon as their stream is created and will then continue on the same bi-weekly schedule as the first backfund batch.

This thread will be updated weekly as each new batch of streams is initiated by the multisig.
