Abstract Summary:

We want to become a launch pad to help make ApeCoin NFT project ideas come to life. Through our established no-code, self-serve smart contract platform, NiftyKit, anyone can launch a project on our platform in just minutes, unlocking accessibility for the next generation of NFT creators. By building deep integration with ApeCoin, we can unlock new levels of utility for the token, making it the foundational coin for the creator economy.

Overall Cost:

25,500 ApeCoin
